Pediatric Community Resource Guide

Community Resource Guide

The team members of UofL Health – Frazier Rehabilitation Institute understand the impact an illness, injury, or disability can have on the everyday lives of members in our community. We hope you will find the area resources compiled in this guide to be helpful. This is by no means a complete list of agencies. If you have identified a need that is not listed here or have questions about getting help, please ask one of our experienced team members or contact your case manager at 502-582-7686. We may be able to help or offer direction for you to get the help you need.

This guide contains some of the most requested and utilized community resources that might be of benefit to you and/or your family. This information has been gathered from agencies serving the Greater Louisville and Southern Indiana area.

Michael Brent Resource Center

Many of the agencies listed in this guide book have websites which offer much more information regarding the services available than we can list here. If you don't have access to a computer, you may use one of the computers in the Michael Brent Resource Center. The Center is located on the 11th floor of Frazier Rehab Institute and is open to Frazier families from 8:00 a.m. to 4:30 p.m. Monday through Friday.

The Center is supported by Friends for Michael Inc., a non-profit group dedicated to raising funds and awareness of spinal cord injury in memory of Michael Brent. The Center provides information to survivors and their families about not only spinal cord injury, but other disabling conditions as well. Functioning as a lending library of books, magazines, DVDs, and CDs, the Center also provides adaptive computer access to the internet. For more information about the Michael Brent Resource Center, visit spinalcordmedicineresources.com.

Computer and Internet Access

If you do not have access to a computer with internet capacity, visit your local public library. You can sign up to use the computers for free. The closest library to downtown Frazier is:

Louisville Free Public Library, 301 York Street, Louisville, KY 40203

502-574-1611

lfpl.org/computer-classes.htm

INTRODUCTION: WHERE TO START

Education

The experienced Frazier Rehab Institute Team has found education regarding an injury or illness is essential for preparing patients and families for discharge to home and managing future recovery needs. We invite you to take advantage of our family and caregiver educational opportunities.

- Ask your case manager about available educational material and support groups here at Frazier Rehab Institute and in your community.
- Schedule family teaching days to attend therapy sessions with Frazier team members.
- Attend Team Rounds to participate in treatment planning.
- Keep a journal, take notes, and ask lots of questions.
- Review educational material available in the Michael Brent Resource Room.
- Research outside information in your library or on the internet.

Caregivers

In the early phase of recovery, caregivers may be involved in treatment planning, decision making, and coordinating discharge plans. If you need to take time off from work to participate in the rehab program, ask your employer about signing up for leave under the Family Medical Leave Act (FMLA). FMLA allows you to take up to 12 weeks off from work, either all at once or intermittently, without jeopardizing your employment with many employers.

Being a caregiver can be a tough job. It is very important for caregivers to take care of themselves. Do your best to eat right, rest when you can, and take time out for yourself. The caregiver role may be more prominent after discharge and we want you to be prepared for the transition to home.

Family, Friends, and Neighbors as Resources

The people around you can be good resources and often want to help, they just don't know how. If extended family, friends, or neighbors offer to help, give them something to do. For example, ask them to sit with your loved one so you can go home and take a shower, feed the dog, run an errand, mow the lawn, set out your trash cans, collect your mail, make a donation to a charitable organization that may be assisting you, etc.

Community

If you are unable to find the resources you need around you, look to your community for help. There are public assistance programs and community agencies that may be able to assist you. Some of the services available are listed in this guide.

FAMILY LODGING

Ronald McDonald House Kentuckiana

550 S. First Street

Louisville, Kentucky 40202

502-581-1416

rmhc-kentuckiana.org

The Ronald McDonald House provides lodging to families who are from outside of the metro Louisville area and are seeking medical care for their child. RMH eligibility requirements include:

- Patient must be 21 and younger
- Must live outside of Jefferson County in Kentucky or Clark and Floyd Counties in Indiana.
- Must have a referral from physician, nurse or social worker on your child's treatment team.
- Information about lodging at Ronald McDonald House:
 - The rate is \$20 night, but no one is turned away
 - Rooms have a shared bath, kitchen, living room, and laundry areas.
 - Internet access is available on 1st floor.
 - Stocked kitchen areas are available and often volunteers provide meals.

HEALTH CARE COVERAGE

Health Insurance

Medical care is costly. Read your health insurance policy and learn the vocabulary to better understand the benefits and limitations of the policy. For example, do you know?

- What is your annual deductible for your health insurance plan?
- What is your coinsurance responsibility for care?
- Do you have an out of pocket maximum?
- What are the benefits for outpatient therapy recommended by the rehab team?
- What are the benefits for the durable medical equipment needed at discharge?

If you live in Kentucky and do not have health insurance, check with the Kentucky Health Benefit Exchange to determine your eligibility for health insurance. You may find an affordable health care plan, be eligible for premium subsidies, or obtain Medicaid coverage under the Affordable Care Act of 2010. There are Application Assisters who can help you with this process. For more information, contact Kentucky's Health Benefit Exchange at 855-459-6328 or visit the website kyhbe.ky.gov/.

If you live in Indiana or another state, you can find health insurance information at the new healthcare.gov website or by calling 800-318-2596.

Medicaid

Medicaid is a health insurance plan covering children, seniors, and disabled individuals from low income families. Non-disabled individuals who meet the federal income requirements may also be eligible. Each state administers the program differently. To determine if you are eligible for Medicaid, contact your state's Department of Medicaid Services, health insurance exchange, or your county social services office. For more information regarding Medicaid, visit Kentucky's website at benefind.ky.gov/ or Indiana's website at indianamedicaid.com.

Early and Periodic Screening, Diagnostic, and Treatment

Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) is a Medicaid program that is federally mandated to ensure low income children under the age of 21 are provided an array of prevention, diagnostic, and treatment services. Services include the areas of medical, mental health, vision, hearing, and dental care. Through a prior-authorization process, children may receive medically necessary treatment or equipment that is not available to Medicaid members 21 years old or older. For more information regarding EPSDT, visit Kentucky's website at chfs.ky.gov/agencies/dms/dpqo/dcmb/Pages/epsdt-screenings.aspx or Indiana's website at in.gov/medicaid/files/epsdt.pdf

Supplemental Health Care Assistance for Children

The following agencies may provide supplemental medical coverage for uncovered services or equipment for children ages birth to 21 years of age with chronic medical conditions. Families will need to meet specified income criteria. For more information contact:

Indiana

Children's Special Health Care Services
800-475-1355
in.gov/isdh/19613.htm

Kentucky

Office for Children with Special Health Care Needs
800-232-1160
chfs.ky.gov/agencies/ccshcn/Pages/default.aspx

FINANCIAL ASSISTANCE

Income

When a catastrophic injury or illness impacts the income of an individual or family, the results can be devastating. Review the options available to you through your employer, insurance policies, and government assistance programs, or in your community. Find out if you or your child are eligible for any of the following:

- Social Security Disability Insurance (SSDI)
- Supplemental Security Income (SSI)
- Temporary Financial Assistance for Needy Families (TANF) or Kentucky Temporary Assistance Program (KTAP)
- Supplemental Nutrition Assistance Program (SNAP)

Disability Income

To apply for Social Security Disability Insurance (SSDI) or Supplemental Security Income (SSI) programs, contact the Social Security Administration at 800-772-1213, go to your local Social Security office or visit the website at ssa.gov.

Social Security – Louisville

Main Office
601 West Broadway
Louisville, KY 40202
866-716-9671

Social Security – New Albany

Federal Building
121 West Spring Street
New Albany, IN 47150
812-948-5288

Helpful information to apply for SSDI or SSI:

- Children can be eligible for SSI if they have a disabling condition that meets impairment criteria listed by the Social Security Administration for greater than one year AND their parent(s) income and assets fall below the allowable amount. If your child is 18 or over, the Social Security Administration's determination for SSDI or SSI is based on if the applicant will be disabled (unable to work) for greater than one year.
- Make sure all requested information is submitted with the application and deadlines are followed.
- The application process can take several months before the initial decision is made.
- Some applicants are deferred. This means their progress is reviewed again after a specified period of time before a decision will be made.
- Many applicants are denied. The appeal process is explained in the denial letter.
- There are four levels of appeal and the appeal process can take up to 1-2 years.
- Individuals have found that legal assistance can facilitate the appeal process.
- If you are declared disabled, you will be awarded one of two disability programs, Social Security Disability Income (SSDI) or Supplemental Security Income (SSI), based on the amount of money you have contributed to the Social Security tax system through your work history.
- If you are approved for SSDI, you will be eligible for Medicare after a 2 year waiting period, except individuals with End Stage Renal Disease and Amyotrophic Lateral Sclerosis. Those diagnoses allow for Medicare to start at the same time SSDI starts.
- If you live in Kentucky and are approved for SSI, you will automatically be eligible for Medicaid. There is no waiting period for Medicaid.
- If you live in Indiana you will need to apply separately for IN Medicaid.

Temporary Assistance for Needy Families

Temporary Assistance for Needy Families (TANF) is also known as the Kentucky Temporary Assistance Program (KTAP) for Kentucky residents. TANF or KTAP is a cash assistance programs to families with dependent children. To learn if your family is eligible contact your county social services office or visit the state Benefind website at benefind.ky.gov/.

Supplemental Nutrition Assistance Program

Supplemental Nutrition Assistance Program (SNAP), more commonly known as food stamps, is a program that helps needy families buy groceries. To learn if you are eligible for SNAP, contact your county social services office or visit the state Benefind website at benefind.ky.gov/.

State Social Services Programs

Indiana

Division of Family and Children's Services

Floyd County
842 University Woods
New Albany, IN 47150
812-949-4056

Kentucky

Department of Community Based Services

Jefferson County
908 West Broadway
Louisville, KY 40202
502-595-4238

State social services programs can assist families with limited income and resources.

Contact your local county office for assistance with the following:

- Temporary Assistance for Needy Families (TANF) - also called KY Temporary Assistance Program (KTAP)
- Supplemental Nutrition Assistance Program (SNAP)
- Applications for Medicaid including waiver program eligibility
- Low Income Home Energy Assistance Program (LIHEAP)
- Kentucky Works Program (KWP)

PRESCRIPTION ASSISTANCE

Prescriptions can be expensive, especially if you have no insurance coverage. This section provides suggestions to help you obtain your child's discharge medications.

Tips to Find Prescription Help

1. Review your child's prescriptions. If you already have a medication at home, let your doctor know you do not need a new prescription.
2. Ask your doctor if there is another medication just as effective that may be a generic or cheaper alternative.
3. Ask your child's primary care doctor or specialist if she/he can provide samples of the medication.
4. Ask your child's primary care doctor or specialist if she/he can refer you to an indigent drug program. These programs may require a form to be completed or a letter from your doctor.
5. Ask your pharmacy to partially fill your child's medication according to how much you can afford. When you get paid, you can have the rest filled.
6. Check the discount prescription lists at Target, Wal-Mart, and Kroger, or ask your pharmacist for available discounts.
7. Borrow money from a family member or friend.
8. Contact your area church or community ministry for possible assistance. See page 31 of this guide for information about Louisville area ministries.

Patient Assistance Programs

Check with the manufacturer of your prescription medication to determine if there is a patient assistance program. You can find information regarding patient prescription programs here:

Partnership for Prescription Assist	888-477-2669	pparx.org
RX Assist	800-808-1213	rxassist.org/

TRANSPORTATION

Please see below for information about parking permits, driver's evaluations and training, vehicle modification and transportation services.

Disabled Parking

Applications for handicapped parking permits and plates are available at the County Clerk's Office in Kentucky or the License Bureau in Indiana. Available permits:

Plates and Placards

Indiana:

- The application will need to be signed by your physician and submitted to your local license branch.
- There is a \$5.00 fee for a temporary placard; it is good for 6 months.
- There is no charge for a permanent placard; it is good until a physician certifies you are no longer disabled.
- There is no charge for disabled license plates however standard tax and registration fees apply.
- Floyd County License Branch office 888-692-6841.

Kentucky:

- The application will need to be signed by your physician and submitted to your local county clerk's office.
- Your signature must be notarized.
- There is no charge for a temporary placard; it is good for 3 months.
- There is no charge for a permanent placard; it is good for 6 years.
- There is no charge for disabled license plates however standard tax and registration fees apply.
- Notary is available for \$2.00 in the County Clerk's office.
- Jefferson County Clerk's office 502-574-5700

Disabled Parking Spaces

Metro Louisville residents can apply to have an Accessible Parking Zone (disabled parking space) installed to allow for accessible on-street parking near their home. Call the Public Works Department at 502-574-3893 for more information or to apply. Fees apply.

Driver Evaluations, Training and Vehicle Modifications

Before your child starts or resumes driving, his/her physician or occupational therapist may recommend a driver's evaluation to assess safety for driving. Driver's evaluations will test:

- Coordination
- Range of motion
- Reaction times
- Problem solving or decision making
- Vision and hearing
- Need for vehicle modifications

The following locations provide driver's evaluation services:

Driver Assessments and Training

Frazier Rehab Institute – Newburg
3430 Newburg Road, Suite 111

Public Transportation

Transit Authority of the River City (TARC)

502-585-1234
ridetarc.org

- All TARC routes are wheelchair accessible. The front of each TARC bus has seating for seniors and riders with disabilities. All TARC routes feature buses with lift mechanisms or ramps to assist riders in wheelchairs.
- Kneeling buses are available to make boarding easier for riders with mobility impairments. Kneeling buses are identified with a decal near the front door.
- An online trip planner is available on the website or you can call 502- 585-1234 to speak with a TARC representative for assistance.
- Fare: \$1.75 cash or \$1.50 with MyTARC smart card.
- With a TARC ID, students, seniors, disabled persons can ride for \$.80

TARC 3 via TARC's Para Transit Department

1000 West Broadway
Louisville, KY 40203
502-213-3217
ridetarc.org/tarc3-paratransit-forms

- Must be unable to use the fixed-route system due to disability or functional limitations.
- Must submit application and be approved by TARC.
- Cost: \$3.00 each way.
- Service area is up to 3/4 of a mile from fixed bus route lines excluding the express routes.

Yellow Cab

502-214-7505

goloucab.com

- 200 cabs can take folding wheelchairs
- 8 vans can transport power chairs
- Accept cash or credit; no checks
- The rates are the same for a cab or a wheelchair van.
- Serves Metro Louisville and parts of Southern Indiana

Medicaid – Medical Transport

Indiana Medicaid offers non-emergency transportation assistance for members needing transportation to physician offices, medical testing or therapy appointments.

- Effective January of 2018, Southeastrans can provide transportation for traditional IN Medicaid members. Call to schedule an appointment at 855-325-7586. If you are in managed care Medicaid, call your managed care company for information to schedule.

Kentucky Medicaid offers non-emergency transportation assistance for members needing transportation to physician offices, medical testing or therapy appointments. This service is available to KY Medicaid members even if they are enrolled in a managed care plan.

- Federated Transportation of the Bluegrass (FTSB) is the company used by KY Medicaid in Jefferson, Oldham, Bullitt, Henry, Shelby, and Spencer counties.
- To be eligible, there can not be a vehicle registered to anyone in your home unless the vehicle is used for employment purposes or is not running. Proof will be required.
- If you live on a TARC route and are able to ride, TARC passes may be provided.
- Call FTSB at 888-848-0989 to schedule. 72 hours notice is required.

Private Pay Transportation Services

Medical transportation companies typically provide door to door transport services for ambulatory and non-ambulatory citizens. There are multiple companies in the Louisville area who provide transportation services. The following private companies have provided marketing material to Frazier Rehab Institute for medical transport services. The companies noted below are not endorsed by Frazier Rehab Institute and are listed for informational purposes only:

Able Care	502-267-1911
Care Conexion	502-466-7000
Louisville Wheelchair & Mobility Transportation	502-419-0884
Lyft Accessible Dispatch	Download App
Magic Transportation	502-935-1871
Nolan's Medical Transport	502-295-3423
uberWAV	Download App
Valley Medical	502-634-2552

*Tip - Private pay hired help and companion companies provide transportation services as part of a package of services. Ask your case manager for a list of private pay hired help companies or go to page 21 of this guide to call to compare rate information.

Ironman Housing and Transportation Fund

Ironman Housing and Transportation Fund

Frazier Rehab Institute

Emily Coons, Spinal Cord Medicine Program Coordinator

220 Abraham Flexner Way,

Louisville, KY 40202

502-407-3296

If you are unable to use TARC, TARC 3 or Medicaid transportation services and are unable to afford paying privately for transportation, you may be eligible for assistance through the Ironman Housing and Transportation Fund. Eligible patients may receive assistance with transportation costs during the time they are actively engaged in therapy at Frazier. Degree of assistance will be determined based on need and availability of funds (supply and demand).

ACCESSIBLE HOUSING

Housing Resources

Center for Accessible Living

305 W Broadway, Suite 2

Louisville, KY 40202

502-589-6620

502-589-6690 TTY

888-813-8497

calky.org

The Center for Accessible Living in Louisville helps people with disabilities live independently in the community through the following resources:

- Accessible Area Housing Resources
- Independent Living Skills
- Personal Care Attendant Program
- Ramps (Waiting list) or ramp resources
- Peer Counseling
- Employment Programs
- Advocacy

Wheelchair Ramp Programs

Your child may need a ramp for access to your home. Ramps can be rented, purchased pre-made or constructed. If you and your family want to build a ramp, ask your Case Manager or Occupational Therapist for a brochure with detailed instructions.

Unfortunately, very few insurance plans will provide funding for the cost of ramp installation. Medicare and Medicaid DO NOT provide any funding for ramp installation.

The agencies listed below have financial assistance available; however, funds are very limited and most have waiting lists.

RampUp	800-327-5287
Lifespan Resources	812-948-8330
Center for Accessible Living	502-589-6620
New Directions	502-589-2272
Kentucky Assistive Technology Network	502-489-8285

Wheelchair Ramp Resources

The Minnesota Ramp Project - klownerwerkz.com/ramp - This Internet resource includes many resources including the downloadable “Ramp Manual” with illustrated instructions, helpful tips, videos and discussion of ramp safety and suggestions about funding resources for ramps.

The Center for Accessible Living in Louisville KY at 502-589-6620 manages a contract from the City of Louisville for building ramps for local seniors and persons with disabilities. For more information or to obtain an application for ramp assistance through this project call CAL.

A source of reduced cost building materials is ReStore, which is associated with *Habitat for Humanity*. In Louisville, *Habitat for Humanity* has three ReStore locations (Portland, Hikes Point and Papa Johns Cardinal Stadium). Builders, contractors, and home owners drop off unwanted building materials at ReStore locations and the proceeds from ReStore sales support Habitat building projects. Either, Google *Habitat for Humanity* for your community or check the Louisville website as a possible source for low-cost materials that can be used to build your ramp: louisvillerestore.com.

Portable Ramp Suppliers: go to Google and search on “Portable Wheelchair Ramps” or use this short list of companies below to see some options. Inclusion on this list should NOT be considered a recommendation.

Amazon.com	amazon.com
AmRamp	amramp.com/
Discount Ramps	discountramps.com/portable_ramps.htm
Express Ramps	portable-wheelchair-ramps.com/
Gould’s Discount Medical	gouldsdiscountmedical.com
Handi-Ramp	handiramp.com/

Home Modifications

In working with the Frazier Rehab Institute therapy team you may find modifications are needed to improve your safety and function in your home. Needed modifications may include but are not limited to:

- Ramp installation
- Bath room remodel
- Cabinet alterations
- Elevator installation
- Wood floor installation
- Handrail installation
- Larger entry door installation
- Chair lift installation
- Wide-door hinge installation
- General ease and access modifications

New Directions Housing Corporation

Repair Affair

1000 E. Liberty, 40204

502-589-2272

- Annual program - applications are taken in January of each year.
- Repairs houses for people 60 and over or people with disabilities.
- Must be a homeowner and a resident of Louisville
- Income guidelines apply

Center for Accessible Living

305 W. Broadway, Suite 200, 40202

502-589-6620

- Manages the former Jefferson County Ramp Program wait list.
- Must be resident of Jefferson County.
- Maintains list of alternate, accessible area public housing
- Provides contact information to companies who may offer discounted construction rates for persons who are disabled.

Hart Supported Living Grant

PO Box 206037

Louisville, KY 40220

Phone: 502-229-6500

Region 3 Counties: Bullitt, Jefferson, and Spencer chfs.ky.gov/agencies/dail/Pages/hslp.aspx

Grant requests may be awarded for but are not limited to the following services:

- Home and vehicle modifications
- Attendant or personal care assistance.
- Housing deposits and set up of housing costs.
- Training in independent living skills

Hart Supported Living grants are awarded on an annual basis. Applications are due by April 1 of each year for grants paid in July. For more information contact the Hart Supported Living Program.

Home Modification Companies

The following private companies have provided marketing material to Frazier Rehab Institute for home modification services. The companies noted below are not endorsed by Frazier Rehab Institute and are listed for informational purposes only:

CapAble Living	502-309-4231	capablelivingllc.com
Easy Home Access LLC	502-822-6032	
Gould's Discount Medical	502-492-2000	gouldsdiscounmedical.com
Senior Citizens Network, Inc	502-451-4758	

ASSISTIVE TECHNOLOGY

Assistive Technology Resource Center

Frazier Rehab Institute
220 Abraham Flexner
Louisville, KY 40202
502-582-7660 or 866-540-7719
UofLHealth.org

The Assistive Technology Resource Center uses technology to maximize function for individuals being treated for disabling conditions such as spinal cord injury, movement disorders, brain injury, stroke and developmental disabilities. The services offered by ATRC include:

- Seating and mobility
- Augmentative and alternative communication
- Adaptive computer access
- Electronic aids to daily living
- Home and work modification

Kentucky Assistive Technology Services Network (KATS)

502-489-8258
800-327-5287
katsnet.org

KATS Network seeks to “connect individuals with disabilities to the appropriate organizations that can improve the quality and productivity of their lives through assistive technology.” The KATS Network provides the following services and more:

- Assistive technology services
- Loan of assistive devices
- Funding information and referrals
- Assessments and evaluations
- Consultations on appropriate technologies

Kentucky Assistive Technology Loan Corporation

275 East Main Street
Mail Stop 2 E-K
Frankfort, KY 40621
(877) 675-0195

Patterson Medical

800-343-9742

pattersonmedical.com

CAREGIVER SUPPORT

Paid Time Off or Medical Leave

To continue to receive pay while you need to be off from work to take care of yourself or a loved one, check with the human resources representative of your employer to determine if you can use your sick time, medical leave, or vacation time. Ask about the **Family Medical Leave Act (FMLA)**. FMLA allows you to take up to 12 weeks off from work, either all at once or intermittently, without jeopardizing your employment with many employers

Family, Friends and Neighbors as Resources

The people around you can be good resources and often want to help, they just don't know how. If extended family, friends or neighbors offer to help, give them something to do. For example, ask them to sit with your loved one so you can go home and take a shower, feed the dog, run an errand, mow the lawn, set out your trash cans, collect your mail, make a donation to a charitable organization that may be assisting you, etc.

Hiring Caregiver Assistance

Families often need assistance when providing care to a loved one. You may need to consider hiring help at home. The following private companies have provided marketing material to Frazier Rehab Institute for hired caregiver services. The companies noted below are not endorsed by Frazier Rehab Institute and are listed for informational purposes only:

BrightStar	502-893-4700	brightstarcare.com
Maxim Nursing Services	888-917-7962	maximhealthcare.com
ResCare	502-773-2227	rescare.com/youth-services

Medicaid Waiver Programs

Medicaid waiver programs provide in-home care and services to help disabled persons remain in their home.

Kentucky Medicaid Waiver programs

502-564-5560

chfs.ky.gov/dms/mws.htm

In Kentucky - there are 3 waiver programs that are open to children.

- Michelle P – serves children and adults with developmental or intellectual disabilities.
- Supports for Community Living – serves children and adults with developmental or intellectual disabilities.
- Model Waiver II – serves children and adults who are medically fragile and ventilator technology dependent.

Indiana Medicaid Waiver programs

800-403-0864

in.gov/fssa/ompp/2549.htm

In Indiana - there are four waiver programs that serve children.

- Community Integration and Habilitation – serves children and adults with developmental or intellectual disabilities, including autism.
- Family Supports – serves children and adults with developmental and intellectual disabilities, including autism.
- Aged and Disabled – serves children and adults with physical or medical disabilities
- Traumatic Brain Injury – serves children and adults with brain injuries.
- Child Mental Health Wraparound

To qualify for Medicaid waiver services for either state:

- Meet the specific medical criteria for the waiver
- Meet the nursing home level of care as certified by a physician
- Choose to remain at home or in residential care with waiver services
- Meet the income/resource criteria for the program

Waiver programs can provide a variety of services to help parents care for children in the home setting. Some of the waiver services include:

- Medically Fragile Day Care
- Personal Care
- Disposable Medical Supplies
- Case Management
- Environmental/Minor Home Adaptation
- Community Living Supports
- Home and Vehicle Modifications
- Home Delivered Meals and Nutritional Supplements
- Homemaker
- Physical, Occupational or Speech Therapy
- Respite Care
- Specialized Medical Equipment

There is a two-part application process to determine eligibility for all waiver programs. First the individual has to be approved for medical eligibility for the program. The individual/family must then apply at the county Medicaid office to determine financial eligibility. The income criteria to be eligible for a waiver program are higher than the criteria for standard Medicaid. To learn more about Medicaid waiver eligibility and services, contact your state's Medicaid Waiver program department.

Some waivers have Participant Directed options which allow waiver recipients to choose their own providers for non-medical waiver services. This option may allow you to hire a family member or friend to help with your care. Ask about Participant Directed options when applying for waiver programs.

Participant Directed Services (PDS)

Participant Directed Services (PDS) allows individuals eligible for Medicaid waiver programs to choose their own providers for non-medical waiver services. Kentucky Medicaid members may participate in PDS if they currently receive or are eligible for services through waiver programs. This option may allow you to hire a friend or family member to help with care. Rules apply. Contact the Department for Aging and Independent Living for more information about this option and how to apply.

Department for Aging and Independent Living

502-564-6930

Traumatic Brain Injury Trust Fund

Traumatic Brain Injury (TBI) Trust Fund serves children and adults with brain injuries living in Kentucky. This fund was designed to supplement existing resources to provide services not covered by other sources (i.e. health insurance, vocational rehab, etc.). There are no income criteria to be eligible for this program. There benefits are limited to \$15,000 per year with a lifetime maximum of \$60,000 per person. To learn more information or to apply, contact the Trust Fund department at 855-816-9577 or 502-564-6930 or visit the website at chfs.ky.gov/agencies/dail/Pages/tbi-trust.aspx. Some of the services available for funding include:

- Case management
- Structured Day programs
- Prevocational services
- Personal care assistants
- Physical, Occupation
- Psychological services
- Respite for caregivers
- or Speech Therapy

Kentucky Transitions Program

KY Department for Medicaid Services

Division of Community Alternatives

502-564-0330

877-564-0330

KY Transitions was developed by the state of Kentucky through a Money Follows the Person Grant from the Center for Medicare and Medicaid Services (CMS). This grant was established to help residents of a nursing facility or an intermediate care facility transition back to the community. To be eligible for the program, a KY resident must be:

- Elderly, disabled, or diagnosed with an acquired brain injury, mental retardation or a developmental disability.
- Lived in a nursing or intermediate care facility paid for by KY Medicaid for greater than 90 days.

The KY Transitions program provides waiver type services plus additional expansion services for up to 365 days. Expansion services may include:

- Home modifications up to \$15,000 or 20% of the home value.
- A combination of the following
- services up to \$2,000:
- Housing and utility deposits
- Household goods and housing set up

- Caregiver assistance and training
- Transportation services

To learn more about the KY Transitions program or to apply, contact the Kentucky Transitions Program.

Hart Supported Living Grant

P.O. Box 206037
 Louisville, KY 40220
 Phone: 502-229-6500

Region 3 Counties: Bullitt, Jefferson, and Spencer chfs.ky.gov/agencies/dail/Pages/hsllp.aspx

Kentucky's Hart Supported Living Grant allows disabled residents to submit requests for grants to provide services to help them remain living in their community. Grant requests may be awarded for but are not limited to the following services:

- Home and vehicle modifications
- Attendant or personal care assistance.
- Housing deposits and set up of housing costs.
- Training in independent living skills

Hart Supported Living grants are awarded on an annual basis. Applications are due by April 1st of each year for grants paid in July. For more information contact the Hart Supported Living Program.

LEGAL CONSIDERATIONS

Guardianship

As disabled children approach the age of adulthood, parents should consider guardianship to attend to the ongoing management of their personal affairs, financial holdings or debts and/or medical treatment decisions. Each state has different requirements to pursue guardianship through the legal system. An attorney who practices in Family, Elder or Probate Law may be helpful.

Indiana: Petitions for guardianship are submitted to the County Clerk’s office.

Floyd County Clerk’s Office

311 Haus Square
 New Albany, IN 47150
 812-948-5145
floydcounty.in.gov

Kentucky: Petitions for guardianship are submitted to the Disability Court.

EDUCATION/ACADEMIC RESOURCES

Education and School Re-entry

Legislation, such as the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, provides all children with the right to a free and appropriate education. The law says that children with disabilities must be provided the same opportunity to learn as children without disabilities.

Kentucky Department of Education

500 Mero Street
Frankfort, KY 40601
502-564-3141
education.ky.gov

- After an injury or illness, children and families are provided services through their local education systems to help children transition back to school. Exceptional Child Education (ECE) programs are designed to meet the needs of students who have educational disabilities. Services are provided to students in both comprehensive and special education facilities, and a range of programs, techniques, methods, and materials is available for individualized instruction.
- Home or Hospital instruction is offered to children who have suffered an injury or have a chronic illness impacting their ability to attend school. A tutor can meet with your child at home or while they are in the hospital if approved by your child's physician.
- When your child is ready to return to school, a committee may meet to discuss an educational plan for your child. This plan is called an Individual Education Program or IEP. An IEP is a document developed by a committee for students with disabilities. The committee meets annually to review the student's progress and develop a new IEP. IEP goals for students are developed to address academic, social/emotional, and transition needs (e.g., changing to a different academic program, progressing from one level to another, or starting a career).
- Admission and Release Committee (ARC) is the name of the committee that meets to develop IEPs for students. The ARC includes the student, parents, general education teacher, special education teachers, and possibly counselors. Parents are vital members of this committee and are encouraged to be strong advocates for your child. Funding for services to assist your child in school is tied to what is written in the IEP. Always have recommendations specified in writing.
- If your child is not eligible for an IEP, your child may still be eligible for special accommodations under a 504 Plan if he or she has a physical or mental health disability that limits one or more major life functions.
- Vocational rehabilitation counselors are available for high school students in the school setting. Counselors can help students with disabilities make decisions regarding post secondary education or vocational training.

- Schools may provide early childhood education programs for 3 and 4 year olds to help pre-school children prepare to start school. Age and ability specific programs

Indiana and Kentucky Departments of Education provide assistance with:

- Exceptional children services
- Individual Education Plan (IEP) and 504 plans
- Home/hospital tutoring programs
- Early childhood education programs for 3 and 4 year olds

If you have questions regarding school related services, you can contact Frazier Case Management at 502-582-7686 for assistance.

kyfirststeps.org

First Steps is a statewide early intervention system that provides services to children with developmental disabilities, or a particular medical condition that is known to cause a developmental delay, from birth to age 3 and their families. Services include the following:

- Evaluation and development of an individual family service plan
- Nursing and nutrition assessments
- Physical, Occupational and Communication development
- Assistive technology
- Skill development services
- Vision and hearing services
- Transition services to early childhood education programs

Vocational Rehabilitation Services

Vocational Rehabilitation assists people with disabilities in making informed career choices and utilizing available support services to prepare for, obtain or retain employment.

Counselors are assigned to students 16 years of age or older to assist in the transition from high school to adult vocational services. Vocational Rehabilitation services include:

- Counseling and guidance
- Physical and mental restorative services
- Vocational training
- Placement and job coaching
- Transportation (driver's evaluations and vehicle modification)
- Telecommunications
- Other rehabilitation technological aids and devices

After a referral is made to your area Vocational Rehabilitation office, a counselor will

contact parents to schedule an appointment and begin the application process. If your child is determined eligible, the counselor will work with you to determine which programs are appropriate to help your child meet their vocational goals.

For more information regarding Vocation Rehabilitation services, contact your local Vocational Rehab office.

PROTECTION, ADVOCACY, AND SUPPORT

Protective Services

State laws require that all abuse, even suspected abuse, be reported. You can make an anonymous report and the protective services agency will not reveal the source of the referral. When reporting abuse, provide as much information as possible regarding the situation, abuser, victim and demographics.

Most commonly, victims of abuse are children under the age of 18, spouses or significant others, disabled adults and the elderly. There are five types of abuse:

1. Physical abuse
2. Sexual abuse
3. Emotional/psychological abuse
4. Financial or material exploitation
5. Neglect or abandonment (includes self neglect)

To make an anonymous report, please call:

Indiana Protective Services

Child Protective Services	800-800-5556 (24 hr state hotline) 812-949-4056 (Floyd County)

Americans with Disability Act

The Rehabilitation Act of 1973 and the Americans with Disability Acts of 1990 and 1995 prohibit discrimination on the basis of disability. The ADA addresses equal opportunity for:

- Title I – Employment
- Title II – Public Services
- Title III – Public Accommodations
- Title IV – Telecommunications
- Title V – Miscellaneous

To learn more about the ADA contact:

Southeast ADA Center
